LOCAL BREVITIES.

Thanksgiving.

December just about here.

But few trains these days.

Lots of wind the past week.

Our electric lights are just fine.

Quite a lot of corn coming to town.

The hub factory will not be in operation long. No timber.

City council meets next Monday night.

Valley booster envelopes at this office.

More ties than ever being hauled to town.

There are rumors of a double wedding soon.

The wall on Arcadia Heights is down 270 feet.

Nearly all roads led to Pilot Knob Saturday.

Will we have to import the ice for next summer's use?

Work is progressing on the road and dam in the Shut-In.

A third saloon opened for business in Bismarck this week.

The prophets are saying the winter is going to be mild.

Turkeys are selling at 17 cents on foot and 19 cents dressed.

A fight or two in Pilot Knob Saturday evening. No one badly hurt.

A letter from Rev. Strother in California is printed on the first page.

Get your Thanksgiving Meats at Coddling's. A bountiful supply of everything.

Circuit court in Reynolds county this week. Rather a large criminal docket.

Presiding Elder McCurdy held services in the M. E. Church Sunday morning.

A good Thanksgiving dinner and pleasant day to every reader of the REGISTER!

Sunday was the coldest night of the season. The thermometer was down to fourteen.

"Gone to Pilot Knob," was a frequent response last Saturday afternoon and evening.

The Elks at Poplar Bluff will dedicate their magnificent new hall Thanksgiving night.

Some people are wondering if the city council will call for more granitoid walks next spring.

Tomatoes as late as Thanksgiving is most unusual here. Yet we saw some nice ones this week.

Warranty Deeds, Deeds of Trust, Quit Claim Deeds and Chattel Mortgages for sale at this office.

NOTICE—Special price on two or more cloaks, cloak and skirt, or two overcoats, at B. N. Brown's.

The M. E. Church, North, is now lighted with electricity. The first sanctuary in the valley to use the new lights.

John Thomas, of Graniteville, it is said, is arranging to open a pool room in the Madlinger building, Pilot Knob.

The saloon at Pilot Knob opened last Saturday. This is the first saloon in Iron county for nearly five years.

The bank at Bellevue has not yet opened for business, but will probably do so some time during December.

Mr. E. M. Ward has re-painted his residence on Main street adding much to the appearance of the property.

Do not forget the Oyster Supper for the benefit of the band at the Kandy Kitchen to-morrow afternoon and evening.

Congressman Hensley has left his home at Farmington for Washington to be present at the opening of Congress next Monday.

Mr. L. A. Davis will have a shooting match for Turkeys, Beef and Pork, at Arcadia Depot, Thursday, November 28—all day.—Adv.

Lemrow Hill has moved from Elvins to Pilot Knob and is domiciled in one of the buildings years ago known as "Officers' Row."

W. J. Bethel, of Arcadia, and Grace Young, of Piedmont, were granted a marriage license in Farmington, November 18th.

Rev. J. H. Calvert, former Baptist minister at this place for several years, was defeated for representative in Iron county by the present incumbent, Dr. J. H. Martin. We congratulate the people of Iron county on their good sense in returning so faithful a servant to the legislature.—Ellington Press.

Dr. Barnhouse spent a couple of days last week at Jefferson City. He says that the swarm of office seekers was something awful to behold.

Our representative, Dr. J. H. Martin, has leased a residence at Jefferson City for the winter, and his family will be with him during the session.

At Coddling's Meat Market you can find everything for the Thanksgiving Dinner, Turkeys, Oysters, Celery Cranberries and everything else that's good to eat.

Mr. Coddling, the butcher, got 102 turkeys from a couple of farmers, near Munger, last Monday. He had no trouble in disposing of them for Thanksgiving.

Rev. J. Frank Smith of St. Louis will preach at the Baptist Church next Sunday morning and evening. Everybody cordially invited to attend these services.

Mr. Harris, the saddlery man, who has been in A. Roebry's house on the mountain side for the past few weeks, has again taken up his abode in the M. E. Parsonage.

Miss Elizabeth Tharp, of Bellevue, who has for many years been a friend of the REGISTER, was in Ironton Saturday and presented us with two very delicious pears.

Miss Jessamine Woodside entertained a number of her little friends Tuesday afternoon, the occasion being her tenth birthday. The guests report a most enjoyable time.

The city council last Friday evening awarded Frank R. Hotson the contract for building the granitoid walks for which the city had advertised for bids. The walks will be built at once.

Regular meeting of Midian R. A. Chapter, No. 71, Tuesday evening, December 3d. Election of officers and other important business. All members urged to attend. W. R. EDGAR, H. P.

We understand that Hon. John S. Berryman will be an applicant for postmaster at Poplar Bluff under the Democratic administration. Iron county friends hope he may succeed in landing the job.

For Sale—Two good farm horses, owner having no use for them; or would exchange for an all-around, safe, family horse, harness and saddle. Apply to James Robinson, Valley Home, Arcadia, Mo.

While circuit court was in session Monday of last week Judge Dearing granted a decree of divorce to J. J. Farris from his wife, Josie Farris. Mrs. Farris was awarded the custody of the two children.

M. Nichols, a former resident of Ironton now living in St. Louis, was in town last week with a view of returning to Ironton to make his home. He had a trade on with Ed. Summers for the butcher shop, but the deal was not made.

Otto Thomas was here from Granite City, Illinois, a few days last week. He tells us that the Democrats cleaned up everything in Madison county, Illinois, in the recent election, and the enemy just can't become reconciled to their defeat.

Circuit Court will convene in Centerville on next Monday. Ninety-three cases are docketed for trial, twenty of which are criminal cases. The docket is set for two weeks, but it will probably require three weeks to dispose of all the cases.—Reynolds Outlook.

Before the election we heard a good deal about soup houses after Wilson was elected. So far no soup houses have been opened, but the Iron Mountain railroad this week announced an advance in section men's wages from \$1.35 per day to \$1.50 and from 10 hours to 9 hours as a day's work.—Fredericktown Democrat-News.

Mr. Jacob F. Diager and Daniel A. Johanna K. Brandt of Gordonville, Mo., will be united in marriage at the home of the bride on Thanksgiving day. Mr. and Mrs. Diager will make their home in Ironton, in a modern cottage Mr. Diager has just completed, on North Shepherd street. We extend our very best wishes.

Jasper Plank was in to see us since the election and is mighty well pleased with democratic success. He remembers selling fat cows at eight dollars a head during the panic of 1872 and the Republican administration of Gen. Grant, after silver coinage had been stopped and the old greenbacks had been called in by a republican congress. He is not afraid of any panics or 85 cows under President Wilson.—Salem Monitor.

Notwithstanding Postmaster Evans' commission does not expire until the fall of 1914, several aspirants have made known their desire to be his successor. Among those who have openly announced their candidacies are P. S. Cole and John G. Russell, with perhaps a full dozen other patriotic and aspiring local Democrats to hear from. It will likely be a long drawn out and lively scrimmage for the coveted political prize.—Farmington News.

The E. T. Elgan home on North Ninth street was the scene of a jolly gathering of the Farther Lights of the Baptist Church Friday evening, Mrs. Palmer being hostess there to the band of happy young people. The hours were passed in various ways, and adding to the interest was the presence of Miss Isabel Crawford, a missionary among the Kiowa Indians, who gave a very pleasing account of her work among the tribe.—Colon (Cal.) Information.

The business men and others at Caledonia who are interested in the new railroad, and have subscribed for stock, have put up their money and now have a good sized outfit at work on that end. After corn gathering is finished it is expected that the number of men and teams will be greatly increased, and that they will have done a great deal by the time the graders from this end reach that point. At present they have nearly half of a mile of the grade finished.—Bismarck Gazette.

Mr. Ben McCullough, private secretary to Congressman Hensley, was in this city on last Monday shaking hands with the boys and incidentally feeling around among the different candidates for the Fredericktown Postoffice. It is asserted on pretty good authority that Mr. Hensley will let the people decide who they want for Postmaster, through the medium of a primary election to be participated in by Democrats only and that the one the people select he will recommend for appointment.—Fredericktown Democrat-News.

The following marriage licenses have been issued by Recorder Hawkins since our last report: F. H. Dettmer and Ada Collins. Arthur Brewer and May Dunn. Frank Delano and Margaret Baird.

David Hamilton and Clara Jones. Sim Warren and Helen Swearingin. S. W. Pippin and Nellie Anderson. Wm. L. Edmonds and Jessamine Mead. James McCullum and Mattie Pogue.

Jacob F. Dinger and Daniella Johanna K. Brandt. Oliver Mayfield and Irene McCoy.

The 30-horse power Chalmers automobile which Naive Williams purchased from Robert Sellers, of Bonne Terre, last spring burned between seven and eight o'clock last Monday night about 5 miles south of De Soto. Mr. Williams accompanied by Oliver Edwards, Joe Merriam and Guy O'Leary, drove over to De Soto that day and were enroute home when the accident occurred. It is thought the fire started by the engine backfiring through the carburetor, due to a stuck valve. The flames, once started, spread rapidly and in a few minutes the car was in ruins, except one wheel, which was not damaged much. Mr. Williams fortunately carried \$500 insurance on the car. After the accident the party walked back to De Soto and came home on the train the next day.—Farmington News.

The last issue of the Arcadia Valley Enterprise has the name of G. O. Nations at the head of the editorial column as "managing editor." Not a word, not even a bow from McGinty on his retirement. The new editor promises that the paper shall be clean. It is to be hoped. In what strange contrast such a policy will be with that which has characterized the sheet since it was established eight years ago! Let us see. There have been,

Byers, Miller, Gibbs, Ben & Utica, Stanfill, Temme, Swift, McGinty. What an array of stars! And now, Nations. Next!

A few weeks before the late election, President Taft placed \$3,000 fourth class Postmasters, who acted as his political henchmen, under the civil service. He read the handwriting on the wall and wanted to protect and perpetuate in office. That President Wilson will revoke the order as soon as he assumes office there is hardly a doubt. Since the election the status of fourth class Post Offices has been a mooted question, and in regard to them Congressman Alexander of the Third District gave out the following interview:

"By an order recently issued by President Taft, all Fourth class Post Offices—about 35,000 in number—have been placed under the civil service, and unless the order is revoked by President Wilson when he goes into office, the Congressmen will have no control whatever over appointments of fourth-class Postmasters. As vacancies occur they will be filled by civil-service examination. Should the order be revoked by President Wilson it will be given due publicity, and the people will know what his policy will be with reference to these offices."

The law firm of Sheppard and Green was established in this city this morning, agreement of partnership being entered into by Judge Jesse C. Sheppard, who retired yesterday from the Butler County circuit bench; Ernest A. Green, Arnot L. Sheppard and Leslie C. Green. The partnership will become effective January 1 next, and it will prove one of the strongest legal combinations in this section of Missouri. The senior members of the firm, Messrs. Jesse C. Sheppard and Ernest A. Green, are widely known as brief lawyers of exceptional ability. The younger Sheppard is a court stenographer and lawyer, and the younger Green, Ernest A. Green's brother, is an expert in matters pertaining to claims for personal injuries, having served several years in the legal division of the Iron Mountain railroad's claim department. The new concern will maintain offices in both Poplar Bluff and Doniphan. Judge Sheppard and with their families and make their home here, but one member of the firm will nearly always be in Doniphan so that no business emanating from that city will be missed. The announcement of the partnership created a mild furor in the legal circle of this city.—Poplar Bluff Republican.

A jury gave Geo. Humphrey a fine of \$100 on last Friday for flourishing deadly weapons.

The story told at the trial was about as follows: An agent of the Wrought Iron Range Company recently sold Humphrey one of its ranges for \$79, taking in payment two promissory notes aggregating that amount. When the stove was delivered, the party delivering it asked that Mrs. Humphrey's name be added to the notes, as this, he claimed was necessary but had been overlooked by the first agent. Mrs. Humphrey would not sign the note without consulting her husband. Geo. was called to the house. He said that before the note would be signed by his wife that the agent must paint and polish their old range, according to the promise, he said, of the agent who sold them the new range. This the agent said he could not do, as he did not have the proper materials with him nor would he leave the new range unless Mrs. Humphrey signed the notes. Humphrey said all right, but to return the notes, and securing his Winchester, he ordered the agent to hand the notes over to Mrs. Humphrey, which was done without much further parley. The agent and his companion claimed that Mr. Humphrey drew the gun on them, but this both Mr. and Mrs. Humphrey denied. The jury took the view, however, that having the gun in his hands under the circumstances was a violation of the law and hence the fine. We understand the case will be appealed.—Farmington News.

PERSONAL.

H. B. Jones went to Arkansas Monday.

D. E. Fletcher spent last week in Poplar Bluff.

Louis Reichert of Arcadia was a caller Tuesday.

Dr. L. A. Marshall was in St. Louis last week.

Mrs. A. Roebry was a St. Louis visitor last week.

Harry Griffith of Brunot was in Ironton last week.

Theodore D. Fultz of Edge Hill was an Ironton visitor Thursday.

Adolph Dettmer, of Pilot Knob, was among our callers last Saturday.

Miss Lena Fletcher of Arcadia is visiting in St. Louis and Upper Alton, Ills.

Mrs. A. F. Bond and Dr. Franco leave for Kansas City next Monday to remain until after Christmas.

Col. and Mrs. J. A. W. Lewis of St. Louis spent a few days of last week at their beautiful summer home in the valley.

Mrs. P. W. Whitworth is spending a few weeks with relatives in East St. Louis. Later she will go to Texas for the winter.

George K. Busch, of St. Louis, a representative of the big brewery, was the guest of Mr. A. Rieke a couple of days last week.

Mrs. Bertha Higblitt and daughter have returned to their home in Louisiana, Mo., after spending a couple of months with relatives in Ironton.

We have but one price, sell for cash and lose no bad bills; therefore, sell cheaper than do credit stores. "We can save you money." B. N. BROWN.

School Notes.

There is a splendid attendance in the high school and 7th and 8th grade this month. The average is 95 per cent. Total enrollment, 331. High School enrollment of 52.

Ironton basketball team played the Doe Run last Saturday. The boys' team was defeated with the score 31 to 6. The girls' team won from Doe Run's team 12 to 2. There was a large crowd of rooters who went along in spite of the sharp wind that blew from the north. The day was a trifle chilly, but the boys and girls declare that it was a very enjoyable trip. They mentioned the fact that Doe Run has a crowd of very fine boys and girls in the high school, and they like to meet with them.

Those who are members of the Teachers' Library Club are able to get the following books by applying to the County Superintendent: The Reading Circle books for this year, are Bayley's "Education Progress," White's, "Elements of Pedagogy," McMurry's, "How to Study," Bugg's and Coffman's "Reading." Are you a member? If not, you had better join. A complete list of books will be given next week.

Mrs. Loomis gave the fifth lecture of the series on Preventive Medicine last Monday morning. The subject was tuberculosis. She gave the history of the progress against the disease since the discovery by Koch in 1882 that it was a germ disease, gave the method of testing for tuberculosis in its earliest stages, and showed how the patient could develop a resistance that would eliminate the disease if taken in time, by wholesome food, fresh air, rest, sunshine and cleanliness. The disease can be prevented by teaching the patient to destroy his sputum, and by people not to sleep, live, or work in dark or badly ventilated rooms. By educating the community as to the nature of the disease that it is communicable, preventable and curable.

In this connection we would call the attention of the public to the Christmas seals which are sent by the National League for the Prevention of Tuberculosis. If you buy Christmas seals, you can get them from the City Drug Store in Ironton. The proceeds go to the general fund for the prevention of the disease.

Taken up—One black sow, crop of ear and split in right ear. Apply to A. G. Russell, near Ironton.

Des Arc Items.

I was out on the Missouri Southern Railroad last week. I never saw business so rushing and lumber is a better price than at any time since the war. Yellow pine dimension is worth \$12 on car; oak, \$14 and \$16, and they want men and teams. The conductor on the Missouri Southern said he had orders to bring out 165 empty cars. They cannot supply the mills with cars. The merchants are doing a good business. There were four cars of flour and feed shipped to Bunker last week. My friend, Jerry Russell, seems to be doing a big business. He has several mills, stores and a stave and heading factory. I sold him a car of flour. I had the pleasure of a ride in a motor car from Bunker to Ellington, some 25 miles. The run was made in about an hour, a little faster than I want to go on that crooked road. Howard Walton and father own a large tract of land on the Missouri Southern. They are selling it to emigrants and planting large orchards.

I am in receipt of a letter from Miss Alberta Claire, "The Girl from Wyoming." She is at present at Cumberland, Maryland, but will return to her home in Sheridan, Wyoming, soon. She is writing a book of her 10,000 mile horse back ride from Sheridan, Wyoming, to Buffalo, New York. She passed through here last February. Her book will be on sale about the first of the year.

W. J. Fitz went to Libourn Sunday night. He expects to move there January 1st and go in business.

Mrs. Williams and Mrs. R. Stevenson are putting up canned fruits, etc., for the Children's Home in St. Louis. It is a good cause and every one should give something to help the little tots.

Following are the names of the visitors who enjoyed the literary exercises at the public school Friday evening: Mesdames Chas. Williams, J. W. Cooper, Wm. Keathley, W. D. Sitze, and Cora Berryman, and Misses Alpha Arnold, Elma Roberts, W. E. Arnold, Nellie Marie Stamp and Morris McKee.

Dr. Fred Parr was taken to St. Louis on No. 4 Monday to be operated on for appendicitis. He was taken sick at Williamsville Friday. His father, Dr. N. A. Farr, accompanied him. Hope he may be home soon.

C. S. Fitz and Howard Walton of Leeper spent Sunday here.

Mrs. J. H. Stevenson is visiting her mother at Hendrickson.

ISAAC.

B. N. Brown has now the most complete line of shoes ever in his store.—Adv.

For Sale—A good second hand piano. Bargain. Apply at this office.

Services At St. Paul's.

Services next Sunday: Morning Prayer and Holy Communion 11 A. M. Evening Prayer and Sermon 7:30 P. M. Sunday School 9:30 A. M.

The Rector will conduct service at Pilot Knob in the afternoon at 3 o'clock.

On Sunday evening the Rector will preach a sermon of especial interest to young men. Subject, "Visions in the valley of achievement." All are earnestly invited, especially men.

Catarh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarh Cure is taken internally, and acts directly upon the blood and mucous surfaces. Hall's Catarh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is unquestionably the best and most reliable of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarh. Send for testimonials, free. F. J. CHENEY & CO., Props., Toledo, O. Sold by Druggists, price 75c. Take Hall's Family Pills for constipation.

Taken up—At my farm two and a half miles northeast of Pilot Knob, a year and a half old heifer, red, salt in right ear. Elek Bolaze, Pilot Knob Mo.

Annapolis News.

I failed to report last week, but am on hand all right this time. Bird Brewer and wife are mourning the loss of their three-year-old baby which was found dead in bed this morning. Cause of death is not known.

Old man Bennett of Pilot Knob spent last Friday night with Squire Kitchell. He was on his way to Centerville to attend circuit court.

William Earl Shelton of Brunot passed through Annapolis to-day on his way home from Reynolds county, where he had been trying to buy cattle and hogs.

Mrs. McCulley was badly burned by sitting too close to some coals she had taken from the stove this morning.

The section foreman is cleaning up all lumber and ties that are on the right-of-way.

A bunch of fellows got too much booze Saturday night. A Bear Branch boy was here on the 16th, so full that he couldn't push a wheelbarrow along the walk.

The Annapolis boys swore Judge Dearing off the bench in the rape case, and Judge Evans of West Plains will preside at the trial. It is my opinion that the boys made a mistake in the change, but they may know best.

Reese & Warner are involving goods this week.

William ("Skip") Lewis is keeping "batch" on Bear Branch and hauling ties to town every day.

Wm. Sutton & Bro. have moved their saw mill to "Skip" Lewis' farm on Bear Branch and are delivering quite a lot of lumber here.

Santhoff & Bro. are hauling pine lumber to this place from Redford. They have eight or ten teams em-

ployed and are making some fine lumber.

Thos. P. Fitz was in town to-day taking up hub timber.

Arthur Brewer and wife of Carver Creek were visiting Thomas Dunn and family Saturday and Sunday, returning home to-day.

D. A. Worley's father and mother were here on their way to Centerville to attend court as witnesses in Andrew Worley's case.

Several "possums and coons being caught nowadays.

Trains are all late. I can't understand why, as the road is in better shape than it ever was. The wages of the section men have been cut to \$1.35 per day, and it may be \$1.10 soon—the old price. Already Wilson is being blamed for this.

Wallace Keathley has bought the John L. Jackson saw mill, so I am informed, and will move it to his farm on Hyatt's Creek, in Reynolds county, where there is plenty of good timber.

John McCall of Des Arc was seen on our streets the past week.

Charles E. Bolch and wife are kept busy in the store from early morn till late bed time at night. She expects to visit her father and mother in St. Louis in the near future. Her father's health is bad again.

It is reported that Mullane has run away, but I think he will be on hand for the trial, December 10th.

Looks like rain or snow this evening and I am out of wood—the first time in three years.
